This became a certainty today when the six months allowed by law in which to perfect an appeal expired and it became known that no further contest over the will left by Daly was in prospect.

Although he never married and had no direct heirs, distant relatives attacked the unusual bequest made by Daly to the Lake county circuit court. The court declared the will valid. Daly amassed his fortune in Lake county and was for many years a school director deeply interested in children.

NEW YORK, May 9.—Federal

Judges Rogers, Hough and Masten

today filed a dissolution order

against the American Sugar Re-

fining Company and other corpora-

government's Sherman law suit

began twelve years ago.

During the twelve-year wait,

caused in large part by a decision

to await rulings of the United

States supreme court in the steel

and harvester trust cases, the de-

fendant corporations in the sugar

trust case have "abandoned their

strategic and financial interests

in monopoly and to monopolize

the business of manufacturing and

marketing refined sugar," said the decree.

The judges sitting as an ap-

pealing court, held, however, that at

the time testimony in the case was

heard, enough of the allegations in

the government petition were

proved to entitle it to a dissolution

order.
